BOSTON, MASS., MONDAY, NOVEMBER 21, 1904.

PRICE THREE CENTS.

POLICE BOARD HEARING.

Counsel and Police Disagree as to Purpose of Inquiry.

The sessions of the Tech Hearing on Thursday and Friday of last week proved to be the most interesting thus far, because most of the witnesses were actual participants in the affair at Rogers steps. During the cross-examining of F. O. Adams, '07, the question was brought up whether the Institute authorities could have prevented trouble by the exercise of a little care in telling the students to keep off the steps.

A. P. Mathesius, '06, was the first witness Thursday. He was, perhaps, the most severely injured of the Tech students who were clubbed, and only this last week has come out of the hospital. Mathesius said that he was clubbed by a policeman when he was doing his best to get out of the way.

V. Gaubrau, '08, W. Lewis, '06, and G. A. Griffin, '07, all gave some very important evidence. G. W. Sawyer, assistant janitor of the Rogers Building, said that the ash barrels were out, and may have contained some "clinkers," but he saw none thrown at the police. F. O. Adams, '07, stated that he was of the opinion that most of the officers got to the top of the steps by running up with the students, trying to keep in front of them.

The important fact was brought out by the witnesses that the Tech marshals were unaware of any order having been given to the police to keep them off the steps of the Rogers Building. Chief Marshal Lombard, '05, testified that he spoke to the lieutenant in charge of the police, to learn just what the orders were in that respect, but could get no satisfactory reply to his questions. In order to avoid any possibility of trouble, Lombard endeavored to keep the paraders in motion and to lead them on past the Rogers Building, but his orders were of no avail. Marshal C. L. Rodgers, '05, described the parade, during which he saw not the slightest feeling of animosity between the police and students until the final fracas on Rogers steps. Rodgers felt certain that the students would have kept

off the steps if they had only known of such a wish before they reached them.

A. Macomber, '07, testified that he was hit on the side from behind and was clubbed twice while lying dazed on his hands and knees. F. S. McGregor, '07, said that there was no preconcerted signal to climb the steps. Many other statements by students and others, tended to show the aggressiveness on the part of the police.

At Saturday's hearing something of a sensation was created, when J. Daniels, '05, and W. F. Dolke, '08, both identified Sergeant Fitzgerald as the officer who clubbed them. Thus far Sergeant Fitzgerald is the first officer to be identified by any of the students. Counsel Hill presented a series of twenty photographs of the injured Technology students, which he wished to enter as evidence. M. B. Hall, '08, testified to having seen a policeman brandish a revolver in front of the Brunswick. G. Marshall, '05, and R. H. Lord, '05, both testified, the latter stating that there was no concerted attempt to push the float at the officers. W. F. Dolke, '08; G. W. Treat, '98; E. W. Colkins, '05; H. Coes, '06; and Dr. F. W. White, all gave some very important testimony.

Counsel Hill for the Institute was unable to finish his case at Saturday's session, but expects to have all his evidence in today.

Statement by Tech Counsel.

"The position taken by the Board seems to show an unfortunate misconception of the duties of the police commission. It is not a judicial body, and if it can be said to be sitting in a judicial capacity it does so only in regard to the conduct of its own subordinates. It is an administrative body, whose function is the management of the police of the city; and it is holding this investigation for its own guidance, namely, to ascertain whether its own subordinates have been at fault or not; and, if they have been at fault, to take such action as will prevent similar conduct in the future. It is not a part of the province of the Commission to fix the blame for the affair, but merely to determine whether

the police were to blame; and the conduct of anyone else is important only so far as it tends to show whether the police were at fault or not. If, for example, it should appear that the police were guilty of excessive brutality, but that they had been under provocation from other people, — and the evidence so far presented does not seem to make this probable, — it would then be the duty of the Commission to take such measures of discipline in regard to the police as would prevent brutality in the future. It would not be within their power to punish other people; nor would it be a part of their duty to express an opinion upon their conduct. It is misconceptions of this kind that give rise to the public sense of insecurity about the control of the police."

Professor Prescott Honored.

Prof. Samuel C. Prescott, B. S., assistant professor of industrial biology in the Institute, has been appointed to the collaborators of the leading bacteriological Journal of Germany. Professor Prescott has been recognized as an authority in this branch of science, and his appointment to work in conjunction with the corps of eminent specialists of Germany, Denmark, Austria, Russia, England, Holland and Switzerland, is regarded as a great compliment, not only to Professor Prescott, but to American Scientists as a body.

Mining Engineering Society.

A meeting of the Mining Engineering Society will be held at Tech Union to-night at 7.45 P.M. Dr. T. A. Jagger will give a talk on "Geology and Mining." All interested are invited to be present.

Attention is called to the fact that all men in Course III. of the three upper classes are eligible to membership. All such men wishing to join the Society should leave their names at the Cage for the Secretary or the President of the Mining Engineering Society.

R. H. ALLEN,
President.

The William Barton Rogers number of *The Technology Review* is on sale at the News Bureau.

CROSS COUNTRY RUN.

Two Men Break Record for the Course.

The fall handicap meet of the Cross Country Association was held over the old championship course at West Roxbury. The men who participated were all in good condition and the finish was more closely contested than in former years.

The time prize was won by E. H. Lorenz, who covered the course in forty-six minutes and fifty-five seconds.

This is a new record for the course, the former record being forty-nine minutes and twenty-one seconds. H. R. Callaway also broke the record for the course, running the eight miles in forty-eight minutes and thirty-four seconds.

The first man to finish was C. A. Howard, '06, with E. H. Lorenz second, and P. G. Clapp third. The time of the first four men, together with their handicaps, was as follows:

C. A. Howard first (6½ min.); time, 51 min. 21 sec.; E. H. Lorenz second (scratch); time, 46 min. 55 sec.; P. G. Clapp third (2½ min.); time, 49 min. 25 sec.; H. R. Callaway fourth (1½ min.); 48 min. 25 sec.

Basket Ball.

The basket ball squad is at present composed of the following men: Blake, '06 (Capt.); Mathison, '06; Burleigh, '06; Wiggins, '05; Kennedy, '06; Coey, '06; Moffatt, '06; Frederick, '07. The squad will practice every Friday and Thursday at 4 P.M., and on Saturday at 2 P.M.

Civil Engineering Society.

All members of the Society are urged to attend the meeting this afternoon at 4.15, in Room 11, Eng. B, to hear Mr. Winsor's interesting talk on the proposed Charles River Dam. All others who are interested are invited to be present.

Society of Arts.

There will be a meeting of the Society of Arts, Wednesday evening, November 23, at 8 o'clock. Mr. Desmond Fitzgerald, C. E., will speak on "Manila and the Philippines as They are Today." All students are cordially invited to attend.

The Tech

Published every Monday, Wednesday and Friday during the college year (from September to June), by students of the Massachusetts Institute of Technology.

Application pending for entry in the Boston Post-office as second-class mail matter.

WILLIAM A. NICHOLS, PRINTER, 268 SUMMER ST., REAR

The outlook for winter athletics is unusually encouraging this year. In addition to the customary indoor track athletics and gymnasium work, we may look forward to an interesting basket ball schedule, a series of excellent fencing matches, and probably to several intercollegiate games of hockey. The Fencing, Basket Ball, and Hockey Teams have all taken warning from their past experiences to begin work early, and men intending to go into these branches of athletics should not lose sight of the fact that they cannot this season delay their entries.

Dr. Thomas M. Drown, president of Lehigh University, died last Thursday at his home at Bethlehem, Pa. Dr. Drown was born in Philadelphia, March 19, 1842, and was Professor of Chemistry at the Institute from 1885 to 1895.

Dr. White gave a lecture last Saturday, to the Freshman Class on "Personal Hygiene." Before the Dean introduced Dr. White, he stated that the Technology Club invited all the Freshmen who had no dinner engagements for next Thursday to be its guests at dinner that day. All those who intend to accept are requested to leave their names with the Dean before tomorrow and a formal invitation will be sent to them.

Lowell Institute Lectures.

The Lowell Institute lecture tonight will be given by Mr. Ettore Pais, Professor of Ancient History and Classics in the University of Naples, and a member of the Academy of Sciences of Rome. The subject of Professor Pais, course is "Legends of Early Roman History," and his lectures are given at 8 P.M., in Huntington Hall. Albrecht Penck, Professor of Geography in the University of Vienna, Austria, will lecture tomorrow night in the same hall on "Selected Chapters in Physiography."

Penn's New Field.

A \$600,000 athletic field, which has just been completed at the University of Pennsylvania, includes a gymnasium costing \$300,000, the most prominent features of which are one of the largest and finest floors in the country, modern apparatus of the highest order, and a swimming pool 120 feet long and 40 feet wide and from 3 to 10 feet in depth. The work in the gymnasium is compulsory for all students of the college under twenty-one.

A special service for men students will be held in Emmanuel Church, 15 Newbury Street, on Sunday evening, November 27, at 8 o'clock (instrumental music 7.30 to 9.) The preacher will be the Rev. William S. Rainsford, D.D., Rector of St. George's Church, New York. Admission only by cards, which may be obtained free at the Y. M. C. A., the Y. M. C. U., at the offices of the Institute of Technology and at Emmanuel Church.

FACULTY NOTICES.

The examination in Dynamics of
Machines will take place as soon as
can be arranged after December 1.
Date to be announced later.

Exercises in Wood Turning,
Course II., began on Wednesday,
November 16.

The first "test" to be given in
Heating and Ventilation will be
limited to pages 1 to 5 inclusive, of
the Syllabus, ending with the fourth
line on page 5.

Hydraulics.

COURSES II., III., VI., X., XIII.

Exercises in Hydraulics will begin
Monday, November 21, as scheduled
on Tabular View.

For first exercise prepare Articles
11, 15, 16, in Merriam's "Treatise
on Hydraulics" (edition of 1903 or
1904), to be had at Damrell and
Upham's, Bromfield Street, or at
MacLachlan's.

Exercises will be held in the fol-
lowing rooms:

II., X., XIII., instructor, Mr.
Thorndike, Tuesday 12 to 1, Room
49, Eng. A; Friday 9 to 10, Room
53, Eng. A. II., instructor, Mr.
Thorndike, Monday 9 to 10, Room
53, Eng. A; Thursday 12 to 1,
Room 49, Eng. A. III., instructor,
Professor Porter, Wednesday 12 to
1, Room 54, Eng. A; Friday 11 to
12, Room 49, Eng. A. VI., instruc-
tor, Professor Porter, Tuesday 9 to
10, Room 22, Lowell; Saturday 10
to 12, Room 49, Eng. A.

156 TREMONT STREET**Park Theatre.**

Otis Skinner is the reigning favor-
ite this week, presenting his entirely
new drama from the French of Jean
Richepin, entitled "The Harvester."
It is a powerful love romance of
French Canadian life, and Mr. Skin-
ner's character is a notable imper-
sonation of dramatic strength.

Hollis Street Theatre.

This is positively the last week of
the stay of William Gillette in this
city, and after next Saturday night
"The Admirable Crichton" will be
a memory of the past. It is J.
M. Barrie's most delightful bit of
satire and gives Mr. Gillette the
best character he has played in a
long time.

Colonial Theatre.

Richard Mansfield's strong pro-
gramme for his farewell week is as
follows: "Richard III," Monday
and Saturday; "A Parisian Ro-
mance," Tuesday; "Beau Brummel,"
Wednesday and Thursday matinee;
"Ivan the Terrible," Thursday;
"Dr. Jekyll and Mr. Hyde," Friday;
"The Merchant of Venice," Satur-
day matinee.

Tremont Theatre.

The coming week will be the last
of Henrietta Crosman's engagement
in "Sweet Kitty Bellairs," and
there will be a special matinee
Thursday, Thanksgiving Day. The
Crosman engagement has been one
of the most successful of a very
brilliant season.
